

**Name:** *Red Mountain Boulders*

**Description:** Cool as steel but warmed by a splash of brown rust, this charcoal gray boulder flaunts impressive coloring. A persuasively utilitarian material for any surface.

**Sizes:** 1', 1.5', 2', 2.5', 3', 3.5', 4', 4.5', 5'

**Color:** Steel gray with rust brown accents

**Geology:** Quartzitic schist
